Reform and Innovation

Prescription Drug Monitoring Program (PDMP) - new users

Metric Definition	Total number of healthcare and law enforcement professionals that have registered for new user accounts to access the PDMP.

Goal Met	Current	Previous	Target	Trend
✔	31,666	1,049	750	↑

Reporting Cycle Quarterly (January 1, 2017 - March 31, 2017)

Additional Details DSPS conducts a robust outreach program to encourage healthcare professionals to register for and utilize the PDMP. Data shows that access to PDMP data can help decrease prescription drug abuse and overprescribing of prescription medications.

The PDMP is an online database that contains information about scheduled prescription drugs dispensed in Wisconsin. Healthcare professionals can access the database to make better-informed prescribing decisions. The PDMP is an important tool in the fight against prescription drug abuse. NOTE: DSPS launched the new ePDMP system on 1/17/17. All users of the previous system were required to re-register. Target metrics and previous quarter metrics are therefore not necessarily representative of the actual trend.

Prescription Drug Monitoring Program (PDMP) - user queries

Metric Definition	The number of PDMP data queries performed by registered users.

Goal Met	Current	Previous	Target	Trend
✔	847,854	431,209	300,000	↑

Reporting Cycle Quarterly (January 1, 2017 - March 31, 2017)

Additional Details The number of PDMP data queries is used to assess the success and efficacy of the PDMP. Data shows that access to PDMP data can help decrease prescription drug abuse and overprescribing of prescription medications.

The PDMP is an online database that contains information about scheduled prescription drugs dispensed in Wisconsin. Healthcare professionals can access the database to make better-informed prescribing decisions. The PDMP is an important tool in the fight against prescription drug abuse. NOTE: Beginning on April 1, 2017, healthcare professionals who prescribe controlled substance drugs are required to review a patient's PDMP report prior to writing the prescription in most cases. DSPS has been educating and training about the change to increase prescriber utilization in anticipation of the new requirement. Target metrics and previous quarter metrics are therefore not necessarily representative of the actual trend.

Efficient and Effective Services

License renewal processing time

Metric Definition   The number of days from submission of a complete application for licensure renewal and the DSPS approval or denial determination.

Goal Met	Current	Previous	Target	Trend
✖	5 days	4 days	4 days	⬇

Reporting Cycle   Quarterly (January 1, 2017 - March 31, 2017)

Additional Details   Prompt license renewal ensures that professionals can continue to practice unimpeded, protecting the professional's ability to continue in the workforce. Note: January's processing time on average was three days. Due to a large volume of license-holders renewing in March, processing time decreased.
